

# VITRUM 2.0

## VITRUM 2.0 EL 10X45° 4000K -10M

Cod: VIT02FCE000M00

#### IdroSkud® protection system

- polarity reversal protection
- voltage spikes protection
- idroSkud water infiltration protection

#### Protection class III

Designed to be supplied from a separated extra-low voltage (SELV) power supply

#### IP 66

Protected against powerful power jets, 100 liters per minute

date: 22/11/2024

#### IP 68

Protected against continous immersion up to 3 meters

#### IK 10

Protected against impact of 20 J

#### High temperatures

Design to withstand temperatures up to +50° C

#### Walk-over

Fixture design to withstand a static load up to 5 kN

#### CX - Extreme

corrosion resistance level ISO 9223

#### Mizar warranty

5 years warranty

## Technical description

Fully flush inground luminaire, walk-over, suitable for outdoor and underwater environments (IP66/IP68) with operating temperature range: -20°C / +50°C. Its special feature is that it has a tempered glass screen without metal frame, transparent, with black screen-printed edge. The body is made of black anodized anticorodal aluminum. The light source consists of a single 3W power Led chip powered at 24Vdc constant voltage with integrated driver. The minimalist design makes it ideal as a lighting fixture for elegant indoor and outdoor environments, as well as for high-humidity situations (spas, wine cellars). The source is set back for greater visual comfort. Color rendering index CRI > 90. Vitrum is equipped with IdroSkud® system to protect electronic components from voltage spikes, polarity reversal and water infiltration. There are optionals for anti-glare (honeycomb) and installation accessories (draining, watertight and plasterboard outercase).

date: 22/11/2024
