

VITRUM 3.0

VITRUM 3.0 5° 2700K LOUVRE-1,5M

Cod: **VIT03CCS200C00**

IdroSkud® protection system

- polarity reversal protection
- voltage spikes protection
- water infiltration protection

Protection class III

Designed to be supplied from a separated extra-low voltage (SELV) power supply

IP 66

Protected against powerful power jets, 100 liters per minute

IP 68

Protected against continuous immersion up to 3 meters

IK 10

Protected against impact of 20 J

High temperatures

Design to withstand temperatures up to +50° C

Walk-over

Fixture design to withstand a static load up to 5 kN

CX - Extreme

corrosion resistance level ISO 9223

Mizar warranty

5 years warranty

Technical description

Fully flush inground luminaire, walk-over, suitable for outdoor and underwater environments (IP66/IP68) with operating temperature range: -20°C / +50°C. Its special feature is that it has a tempered glass screen without metal frame, transparent, with black screen-printed edge. The body is made of black anodized anticorrosive aluminum. The light source consists of a single 7W power Led chip powered at 24Vdc constant voltage with integrated driver. The minimalist design makes it ideal as a lighting fixture for elegant indoor and outdoor environments, as well as for high-humidity situations (spas, wine cellars). The source is set back for greater visual comfort. Color rendering index CRI > 90. Vitrum is equipped with IdroSkud® system to protect electronic components from voltage spikes, polarity reversal and water infiltration. There are optional anti-glare (honeycomb) and installation accessories (draining, watertight and plasterboard outercase).

Lighting data

| | | | |
|-----------------------------|-----------------------|----------------------|--|
| Source type | single chip power LED | Photobiological risk | RG0 |
| CCT | 2700K | ULR | 100.00% |
| CRI | > 90 | BUG Rating | B0 U1 G0 |
| MacAdam (SDCM) | 2 | CIE Flux Code | 0 0 0 0 100 |
| Source lumen output (lm) | 545 | LED lifetime | L80 B10 50.000h |
| Luminaire lumen output (lm) | 479 | Efficiency class | This product contains a light source of energy efficiency class (EU2019/2015): G |
| Light emission | Narrow | | |
| Beam angle | 5° | | |
