

# OCEANO 7

OCEANO 7 ALUMINIUM 25° 2700K  
HONEYCOMB-15M

Cod: **CEA14CCM100P00**

#### IdroSkud® protection system

- polarity reversal protection
- voltage spikes protection
- water infiltration protection

#### Protection class III

Designed to be supplied from a separated extra-low voltage (SELV) power supply

#### IP 66

Protected against powerful power jets, 100 liters per minute

#### IP 68 up to 10m

Protected against continuous immersion up to 10 meters

#### IK 10

Protected against impact of 20 J

#### High temperatures

Design to withstand temperatures up to +50° C

#### C5 - Very high

corrosion resistance level ISO 9223

#### Mizar warranty

5 years warranty

## Technical description

Floodlight suitable for outdoor and underwater environments up to 10 m (IP66/IP68), with operating temperature range: -20°C / +50°C. To offer maximum versatility of application, the body can be made of aluminum or steel; the bracket, made of steel for both models, allows the fixture's tilt to be adjusted. The light source consists of a single 3W power Led chip powered at 24V constant voltage with integrated driver. The luminous flux makes it ideal for illuminating architectural details, garden plants or water features, thanks to the different emission angles. The source is set back for greater visual comfort. Color rendering index CRI > 90. Oceano is equipped with IdroSkud® system to protect electronic components from voltage spikes, polarity reversal and water infiltration. Optional for anti-glare (honeycomb) and accessory for installation in the ground (stake) are provided.

## Lighting data
